The buildings of the project are built using the highest quality sustainable building materials. Landscaped and fenced courtyard, where there is a children's playground and a sports ground with outdoor exercise equipment. Healing plants and aromatic herbs are planted on the territory. An underground car park is also provided for the convenience of residents. A great place for those who appreciate environmental friendliness, quality and comfort.

The apartment is located on the second floor of a new building. Convenient layout includes - a spacious living room with a kitchen area, two bedrooms, two bathrooms, an entrance hall.
