## Description

We offer to purchase a spacious and bright three-room apartment in a new project in Jurmala, in the Bulduri area.

The project consists of three houses - two of which are renovated monuments of Jurmala architecture with a characteristic wooden finish and one house is new, made in a modern style. The buildings of the project are built using the highest quality sustainable building materials. Landscaped and fenced courtyard, where there is a children's playground and a sports ground with outdoor exercise equipment. Healing plants and aromatic herbs are planted on the territory. An underground car park is also provided for the convenience of residents. A great place for those who appreciate environmental friendliness, quality and comfort.

The apartment is located on the second floor of a new building. Convenient layout includes - a spacious living room with a kitchen area, two bedrooms, two bathrooms, an entrance hall. Apartment plan in PDF description. The apartment is offered fully finished, built-in wardrobes and built-in kitchen.

Bulduri is one of the favorite places for residents of Jurmala, a quiet and developed area of private houses, where all the necessary infrastructure, grocery stores, restaurants, a water park, a hospital, a local market where you can buy fresh vegetables and fruits in summer can be found nearby. 10-15 minutes walk to the sea.
